Purchaser shall provide clear access to the load-in area at least three (3) hours before the time the audience is to be admitted. If rented equipment is indicated, check with rental companies for required access time. Delays in starting performance due to failure to provide clear access are Purchaser's sole responsibility. If load-in area is a soft deck (gravel, lawn, sand, etc.), purchaser will provide a plywood walkway 1" thick x 36" wide the entire length of such soft deck. Lights in the loading and stage areas shall remain ON until load-in/out is complete. Purchaser will provide parking, as close to the stage as possible, for up to six (6) vehicles at no cost to Artist. A minimum of 12' overhead clearance is required. Artist and their accompanying personnel shall be allowed complete access to stage, backstage, and performance areas. If necessary, Purchaser will provide back stage passes, badges, or other identification to allow access.

VOLUME LEVELS

There must be no restriction of the sound volume during either sound check or performance. If there is a problem concerning the sound volume/level for any reason the Purchaser must inform the Artist immediately in writing for approval. Should the Artist arrive at the venue to find there is and unacceptable sound level limit in operation without written approval of such from the Artist, then the Artist shall have the right to terminate the contract without prejudice to the payment in full.

SECURITY:

a) The Purchaser shall, at his own expense, employ an adequate number of security personnel who shall protect the Artist and personal property during and after the performance. b. The Purchaser agrees to provide security at such time as the Artist and their party enter and leave the venue if required.

c) The Purchaser shall ensure that the stage is to be kept free of any persons other than those directly involved with the performance at all times. d) The Purchaser agrees to place one man outside the Artist's dressing room throughout his stay in the venue and especially when the Artist is on stage.

e) The Purchaser will ensure that security will not be armed and no undue force either by word or deed will be inflicted on the public at any time. f) The venue will be kept empty of non working, non essential personnel until after the sound check is completed

VIDEO MONITORING:

If the venue has any kind of video monitoring system it will be up to the Artist to approve its use after inspection. The purchaser will make aware any such system upon receipt of this Contract.

ARBITRATION OF DISPUTES:

Any and all disputes which may arise from this contract, shall be judged and arbitrated under New York State Law.

STEVE AUGERI BAND TECHNICAL SPECIFICATIONS STAGE REQUIREMENTS: The stage must be able to hold 7 musicians (including guitars, bass and keyboard rigs), one (1) 8' x 8' x 24" drum riser and one (1) 8' x 8' x 18" keyboard riser and one (1) 8' x 8' x 18" vocal bg riser. The specific drum and keyboard and vocal risers must be provided. The stage is to be set, in place and free of encumbrances when the crew arrives for load-in. Artist's gear placement will take first priority over decor, podiums, opening act equipment, etc. If necessary, Purchaser will provide electric fans, and/or heaters on stage to assure that stage temperature does not rise above 87 degrees F nor fall below 65 degrees F. If temperature exceeds either limit, Artist will have the option to postpone, cancel, or curtail their show, with no effect to compensation.
