May Pang has been synonymous with the Beatles. She is a respected speaker at colleges, universities & performing arts centers with a slide show, recorded music & celebrity photos. Mostly known for her personal relationship with John Lennon, May has worked in the music business over 40 years with artists like Judas Priest, Diana Ross, Air Supply, etc. She's written several books about her time with Lennon — including the autobiographical **Loving John** and a book of personal photos called **Instamatic Karma**. She was on the board of Women In Music and is currently on the advisory board today for the Amazon Conservation Team.
