REPRODUCTION OF ENGAGEMENT

Except as expressly provided in the Agreement, no portion of the Performance, this Engagement, or any activity of Artist, may be filmed, recorded, broadcast, or reproduced by Purchaser or any third party. Artist reserves all such rights, including the authorized designee(s) access to the Engagement and the right to free and open movement in and about the Engagement with any recording device so approved by Artist. No television or video projection systems shall be used or broadcast from the Engagement without Artist's prior written consent.

LICENSES, TAXES, ETC.

Purchaser shall at its own sole cost obtain all licenses, permits, certificates, insurance, authorizations, and/or any and all other requisite approval(s) from any and all union guilds or other entities having jurisdiction with respect to the engagement(s) and further shall comply with and fulfill all terms and conditions and covenants as set-out herein.

PURCHASER AGREES TO FULLY PAY ANY and ALL TAX DUE TO ANY TAXING AUTHORITY FOR MONEYS EARNED AS A RESULT OF AND IN CONNECTION WITH SAID ENGAGEMENT(S). IT IS FURTHERMORE UNDERSTOOD AND AGREED BY BOTH PARTIES THAT ABSOLUTELY NO DEDUCTION(S) WHATSOEVER FOR SUCH TAX PAID SHALL BE TAKEN FROM THE CONTRACT FEE.

DAMAGE, LOSS, INSURANCE

It is agreed and understood that absolutely no responsibility whatsoever for public liability rests with the Artist or Artist Representative. Nor shall the Artist or Artist Representative be held responsible for any death, accident, or injury howsoever caused or incurred by the Purchaser or its employees during the term of this contract. The Purchaser accepts sole responsibility for any and all damage caused to the Venue, its equipment, personnel or furnishings. The Purchaser shall retain responsibility for any damage to, or loss of, the Artist and its personal equipment, property, vehicle and baggage during the term of this contract when in the control of Purchaser shall make any necessary compensation payments prior to the conclusion of the engagement.

FORCE MAJEURE

In the event of illness, incapacity, accident, act of God, riot, labor dispute, epidemics, failure of transportation or any other act beyond the control of the Artist or Artist Representative, the Artist shall not be required to perform the engagement herein contracted, shall be paid in full as per the contract and shall not be held liable in any way whatsoever for any loss of any kind suffered to the Purchaser.

 - All labor calls will be advanced with and confirmed by the Tour Manager.
 - We usually travel with a front of house tech but need a monitor engineer supplied. This info will be confirmed in preliminary phone conversations.
-

LOAD-IN

- Four (4) experienced stagehands
- One (1) qualified electrician who is fully conversant with the venue's power supply, and who shall remain present at the venue for the duration of the engagement. This electrician shall, at the direction of the Artists road crew, connect, assist and disconnect all electrical supplies.

SOUND/LIGHTS: TBA
BACKLINE: TBA
SOUNDCHECK: TBA
SHOW: TBA

LOAD-OUT\

- Four (4) experienced stagehands

One (1) qualified electrician who is fully conversant with the venue's power supply, and who shall remain present at the venue for the duration of the engagement. This electrician shall, at the direction of the Artists road crew, connect, assist and disconnect all electrical supplies.

STAGING REQUIREMENTS

See stage plot

MIX POSITION

Off Center Right or Left (NO DIRECT CENTER POSITION PLEASE)

POWER REQUIREMENTS *FOUR (4) Step Down Transformers 220/110V AC Edison (Outside U.S.)*

SECURITY

The Purchaser shall guarantee proper security at all times to ensure the safety of the Artist, their personnel, equipment, personal possessions and vehicles from the time of arrival until departure. Particular attention must be directed to the front of the stage, with one static security personnel at each entrance to dressing room area(s).

No unauthorized persons shall be allowed access to the backstage area.

SOUND REINFORCEMENT REQUIREMENTS

The Purchaser agrees to provide at no cost to the Artist a first-class sound reinforcement system comprising of the following:

FRONT-OF-HOUSE SYSTEM

Fully functional, professional, quality, 48-channel console required. Free of buzzes, hum, excessive noise, crackles, clicks and pops. The console must feature 4-band fully parametric EQ and continually variable HPF on every input channel.

Preferred FOH Consoles Yamaha PM10 or
M7CLv2/Midas M32 (Small Venue's under 500 capacity)

If the preferred consoles are not available Management/ Production must be notified in advance. the artist's production team reserve's the right to reject any gear that is below industry standards. Sound reinforcement must be of a suitable size and quantity to deliver clean, undistorted, full-range sound at a volume of 110dBA to every seat / viewing area in the venue. *Note that this is a reggae show and as such requires substantial sub-bass energy. Aux-fed subs much preferred.

Preferred Reinforcement systems: D&B, Meyer, L'Acoustics.
Please supply a switched shout system between FOH and monitors, with the capability of routing the FOH microphone to the stage monitors.

MONITOR SYSTEM

The band requires an independent monitor system provided with an English-speaking technician who has full knowledge of the system for the assistance of the band's monitor engineer. Please position the monitor control Stage Left with good sight lines to the whole band.

Absolutely no non-essential personnel onstage or around the monitor console during the bands show please. A fully functional, professional quality 48-channel console is required, free of buzzes, hum, excessive noise, crackles, clicks and pops. The console must feature at least 16 auxiliary sends with individually switchable on/off and pre/post, 4-band fully parametric EQ and continually variable HPF on every input channel.

MONITOR CONSOLES: Yamaha PM 10 or Midas M32 Please ensure the firmware is updated to the current version

The following monitor speakers on- stage:

- TWELVE (12) identical, bi-amp/ Full range floor monitors.

Cue Wedge:

- Please provide one (1) cue wedge at monitor control position, identical to the on-stage wedges.

Drum-Fill:

- One (1) 3/4-way, active, full-range drum monitor with subwoofer.

- Two (2) 3/4-way, active, full-range side fills with subwoofer.

- All channels go to FOH and monitors.

- Snare microphones must be freestanding and not attached to snare drum.

Preferred monitors D&B, L'Acoustics, Meyer

- Two (2) Blinders (For upstage/crowd)
- Two (2) Super Trouper or equivalent Spotlights
- Two (2) Spotlight Operators
- One (1) Attentive Console Operator

GUIDELINES FOR LIGHTING DIRECTORS - IMPORTANT

NO TOTAL BLACKOUTS at ANY TIME
(Especially Between Songs)

ABSOLUTELY NO DRY ICE OR SMOKE MACHINES TO BE UTILIZED DURING PERFORMANCE!!!

Please keep focused specials always on at a moderate level so no matter what wash or scene is displayed, the band is still well lit. The following positions should be set: SL vocal, center vocal (2 specials crossbeam), SR keys, drums, bass, and SL Keys. Use of bright scenes and whites is very important. Use colors such as yellows, soft no colors, etc. Our main concern is that the overall stage be completely bright with overdramatic lighting effects. The use of backlighting is preferred for a moderated source of onstage light. White light (no gel) is an acceptable method of raising the overall stage scene and is an excellent means to brighten the area. Musicians must be able to see from one side of the stage to the other. No artist should be in the shadows. They need to be able to visually communicate at all times. The above said, these guidelines are written for the means to insure a great & authentic performance for the audience and artists alike.

*Please Do Not Deviate From These Guidelines
Use Discretion*
