Recently, the girls were the featured strings (20 performers!) for a DirecTV special starring Richard Marx, Kenny Loggins and Eric Benet

The FEMMES OF ROCK show is a high-energy rock production fronted by four female violinists/vocalists. Virtuosic arrangements, original material, a live rock backing band, video, lights, choreography, comedy, and more can be expected in this energetic show that leaves audiences awed. The only one of its kind, there are no other similar string acts operating at this level of production. Be prepared for something that you have not yet seen the likes of.

The girls keep a busy touring schedule and are one of the most sought-after "hard rock" violin acts in the world.
