What would you guess is among the strongest drawing full-production tribute shows touring? Perhaps tributes honoring The Beatles, Queen, Pink Floyd, Led Zeppelin, AC/DC, Journey?

NO! STRANGELOVE - the Depeche Mode Experience, one of the most successful tribute productions touring the world, delivers a pitch-perfect “best of” DEPECHE MODE arena/stadium scaled concert that transports listeners through time and touches on key points in DM’s illustrious career. In addition to spot-on recreations of the darkly seductive music, the hip swivels, stage sets, era-specific authentic gear/attire, and custom projection visuals are all there. The visual presentation and in-show costume changes reflect different eras of Depeche Mode’s four decade, 120 million album selling story. This internationally touring sensation has been selling out shows around the globe throughout 2022 (including jaunts to Russia & Australia/New Zealand), and is continuing into 2023.

Strangelove-The Depeche Mode Experience performs over two solid hours of HITS spanning Depeche Mode’s entire four decade career and the production is scalable/configurable, with live drums available on larger shows (feat. Chris Olivas, *former BERLIN w/ Terri Nunn*). The production tours with its own projection visuals rig that showcases originally-produced visuals as an integral component of show.

Depeche Mode have sold over 120 MILLION records, wrapped a \$202m grossing stadium/arena tour, performed for 3 million fans, and broke several attendance records. There are DM fans in ALL walks of life and ages, and interest in the elder statesmen of electronic music is at fever pitch.

TESTIMONIALS:

DEPECHE MODE’S **MARTIN GORE** ON STRANGELOVE-THE DEPECHE MODE EXPERIENCE

"They do it to such fine detail that's it's scary. They're obviously big fans. I've seen quite a few videos online. You can go and buy tickets on Ticketmaster and they play to very big crowds. They have videos that they've made, screens behind them, it's like a full on production. I think they are fulfilling a fan's needs by being there when we are not on tour. Keeping the fans satiated while we're taking a break. "

"Strangelove's resemblance, both visually and sonically, to Depeche Mode is frightening."

-Liz Ohenesean - LA Weekly

"The best Depeche Mode tribute on the planet!" **-Richard Blade, DJ SIRIUS/XM /#1 Bestseller "The World In My Eyes"**

"Wow - I loved that it felt REAL... That's what Depeche Mode deserves! Leo, you're a great study of Dave's physicality"

-Adam Lambert - Queen

"Strangelove-an AMAZING Depeche Mode tribute...close your eyes...it's Depeche Mode, it's spot on Depeche Mode"

-Sam "The Shark" Glancy - KROQ
